27 A few days from now, Jim and Roberta Hill will complete their 43rd year serving the Lord with TWR. Stationed today in the U.S., where Jim is a LinguaDMS region administrator, this servant-hearted couple would welcome your prayers.

28 Our national partner RTM[1] Venezuela is grateful that relationships among churches and organizations in the country have strengthened in the aftermath of the major earthquakes last year. As our partner continues to recover from the disaster, the staff is petitioning the Lord for strength, wisdom and discernment as they minister to a struggling nation.

29 Many across Sri Lanka still do not know God. We ask the Lord to use TWR's programs to open their hearts and to reveal himself to them so they might believe.

30 Praise God for the long-standing ministry to Iran via AM signal. In recent years, the PWR team has added three online channels: Persian World Radio (for children, youth and families), Persian Word of God Radio (Bible teaching) and Persian Worship Radio (music and worship). Pray that many will turn to Christ.

1 Our co-workers in southern Africa urge us to seek God's intervention in the country of Botswana. Here are the difficult issues they ask us to pray about: gender-based violence, murder, child rape and drunkenness.

2 Just this month, Grant and Jenna Hodgins crossed over the 13-year threshold as TWR missionaries. As chief personnel officer for the global ministry, Grant would greatly benefit from our prayers as he shoulders weighty responsibilities. In recent years, the couple and their children returned to the U.S. from assignment on Guam and live in North Carolina.

3 Our Radio Partnerships team is involved in two big radio campaigns this month, one with The Word 102.7 and the other with The Pulse 104.3, both located in Pequot Lakes, Minn. Please pray that listeners will be excited about partnering with TWR to provide the gospel to people in Africa.

4 Thank God for new listeners who are responding to TWR's programs in India. May God use them to bring hope and encouragement to their communities.

5 Pray for strength, wisdom and reliance on God for 10 partners of TWR's Northwest Europe Ministry in these nine countries: Austria, Denmark,

Finland, Germany, the Netherlands, two partners in Norway, Sweden, Switzerland and the United Kingdom.

6 Pray that Christian broadcasting will contribute to peace, reconciliation, forgiveness and unity among communities in West and Central Africa that are divided by conflict and insecurity.

7 Scott Hollinger began serving with TWR on Guam in 1982 and married Naren there in 1987. They served in other locations before moving to the U.S., where Scott is a Media Content Team leader and Naren is a mail clerk and Ministry Services specialist. Please ask the Lord to bless the work of their hands and give them sound health.

8 Despite the economic, political and now natural trials that have afflicted Venezuela, our national partner is grateful to God that his provision has enabled the team to continue distributing Bible materials and produce new programs. The ministry is also thankful for the good health experienced by board members, the staff and even some regular listeners.

9 TWR Korea has long been wonderfully energetic in conceiving and carrying out various initiatives to share the gospel with North Koreans, who are largely cut off from the outside world and forbidden to practice Christianity. May God provide the resources and the opportunities for our partner to keep ministering effectively.

10 Reports received from North Africa indicate that authorities in the region are increasing censorship of websites and online platforms. Will you stand with us in praying that TWR's broadcast radio signals will remain strong and that more people will turn to radio for biblical content?

11 You've probably heard of our key transmitter site in Eswatini, a small country largely surrounded by South Africa, and the team there that tirelessly ensures messages of hope are broadcast across huge portions of southern and eastern Africa. Please take a moment to pray for good health and strength for the team so they can keep those messages on the air.

12 Approaching his seven-year anniversary as a TWR missionary, Senior Video Producer Alex Lemus has already traveled extensively, documenting the ministry's work around the world and sharing what he finds with supporters like you. He needs our prayers for safe travels and creativity as tells TWR's story on video.

13 TWR's partners in Mexico tell us that the evangelical community has faced persecution in recent years. They invite us to join them in prayer that the government will protect the free spread of the gospel through media, churches and public spaces.

14 Our PANI[2] outreach teams began a new initiative ministering to Dari-speaking children in this region where proclaiming the gospel typically encounters hostility. Ask God to speak to these young hearts and their family members through his Word.

15 TWR Europe calls on its friends and supporters globally to ask the Lord to bring multitudes of people across Europe – those who already practice religion and those who do not – to faith in him, connecting them to local faith communities for discipleship and devoted worship.

16 Please pray for the continued distribution of radios, audio players, SD cards and other resources that enable people in remote and difficult-to-reach areas to access God's Word in the Democratic Republic of Congo. Pray also for the effectiveness of digital and mobile outreach.

17 Almost 13 years ago, Candace Mackie dedicated her visual-media skills to service as a TWR missionary, and today she leads the MOTION video ministry. Based in the U.S., she and her team work closely with church planters abroad to develop culturally contextualized animated videos introducing viewers to the Bible. Please support her important work with your enthusiastic prayers.

18 For years, reliable power supply has been lacking in Venezuela, and last year's major earthquakes only complicated the situation. Let's join RTM[1] Venezuela in petitioning God to provide a solar-powered inverter so the team can continue working when there is no electricity.

19 May God open doors for TWR's ministry in the Philippines. Ask God to clear away obstacles to the gospel, that people might hear and come to know Jesus.

20 Praise God for the growing ministry to Israel's 1.2 million Russian-speaking Jews. The *Nehemiah Project,* a digital outreach sharing personal testimonies, faith and life, is receiving a great response. Pray for new testimony films to reach and free those bound by addiction and despair.

21 Maintaining reliable but costly high-tech equipment and supporting skilled staff members to produce, distribute and grow outstanding programming requires significant resources. Please pray for God's provision of the funding needed to support the ministry across the vast continent of Africa.

22 Larry and Virginia McGuire are among the most senior of TWR's cherished veteran missionaries. 2027 is their 60th anniversary of service with this ministry. Larry works as an engineer assigned to our partner organization in Indiana, SonSet Solutions. In this special anniversary year, please bless this godly couple with your prayer support.

23 RTM[1] Venezuela is praying for great things to come from a listener engagement and discipleship project getting underway this year. May we count on you to surround this vital project with prayer?

24 Many of our co-workers across Asia face significant safety and security concerns in their ministry efforts. We request that you undergird them in prayer as they travel and engage with listeners in places where there is opposition to the gospel.

25 A little past three years on the job, Tom Fredericks is one of our newer TWR missionaries who is already having a noteworthy impact on the global ministry. The administration and finance director for Every Man A Warrior, Tom and his wife, Cindi, would welcome your prayers for the coming year.

27 Please pray for Europe and CAMENA[3] national partners as they work to implement ways to grow their audience engagement, form deeper relationships and better disciple believers in biblical truth.

28 TWR Africa's abundant Bible-saturated programming reaches into homes, communities and refugee sites across much of the continent. Please pray that the Holy Spirit will use these programs to draw people to Christ, strengthen their faith and encourage them to become faithful followers of Jesus.

29 Our brothers and sisters with TWR Asia are praying and working hard to encourage more people in Vietnam to tune in to the gospel programs flowing into that Southeast Asian country. May many more be blessed as they come to know Jesus and yield lasting fruit in their lives.

30 For more than six years, Sarah Hawkins has had a special responsibility as a TWR missionary: to help look after needs of other missionaries so they can focus on their primary ministry tasks. As Sarah supports her colleagues, let's provide our missionary care coordinator with prayer support to bless her work and family life.

31 The Soninke, Hassaniya, Songhai, Tamasheq, Zarma and Dendi people groups across West Africa have limited access to the gospel, and radio can reach people in places where traditional ministry is difficult or restricted. Pray that God will prepare the hearts of listeners and create a desire to respond to the message.
